

# Iwin energy Grenada

Does Grenada have a wind farm?

Grenada has had success with implementing energy efficiency and renewable energy projects. To date, GRENLEC has assessed five sites on the main island and two on Carriacou for wind farm feasibility. A wind-die-sel hybrid has been discussed for Petite Martinique, but its development is on hold.

Does Grenada have electricity?

Grenada's electrical grid stretches across the three main inhabited islands and is served by a single electrical utility, Grenada Electricity Services Limited (GRENLEC), which has the exclusive license to generate, transmit, distribute, and sell electricity through December 31, 2073.

Does Grenada have solar power?

Solar photovoltaics (PV) have high potential on Grenada because the country's global horizontal irradiation exceeds 5 kWh/square meters per day. A 2- to 4-MW PV installation is planned, but no utility-scale solar plants are currently in operation.

What is the potential of geothermal power in Grenada?

Geothermal studies reveal a potential of approximately 50 MW of baseload power; two 20-MW geothermal projects have similarly stalled in development. Solar photovoltaics (PV) have high potential on Grenada because the country's global horizontal irradiation exceeds 5 kWh/square meters per day.

Fuel mix (fossil fuels vs renewables) Grenada derives almost all of its energy from imported hydrocarbons. In 2020, non-renewables accounted for roughly 98% of installed capacity and electricity generation, with solar energy making up the difference. The government of Grenada has expressed concerns about climate change, but continues to rely on diesel and refined ...

More than seventy-five years ago, a group of determined, rural residents united in their cause to bring electricity to their homes and farms. Neighboring investor-owned utilities could see no profit in serving rural areas, so local farmers and rural residents banded together to form what today is known as Western Indiana Energy Rural Electric Membership Corporation (WIN Energy REMC).
