

Through our industry partnerships we are participating in the development of decentralised and containerised electrolyser solutions to support the production of green hydrogen. Our Battery Energy Storage System (BESS) is a power management solution enabling drill rigs to run efficiently with either fewer engines or lower engine loads to help ...

Kenera has been awarded a contract to deliver five top drive systems to a Saudi Arabian drilling contractor for new build rigs which will operate at a major Unconventional gas project in Saudi Arabia. ... Positioned ...

Kendra Energy Solutions recently opened their new Scottish Regional Offices in Glasgow to support our continued growth and the increasing UK market demand for Intelligent Building Energy Management Systems installation and support services. Raymond Timoney has recently joined the team, as Regional Account Manager, Scotland. ...

Rebecca Clarke, SVP Kenera, (KCA Deutag's technology and energy transition business), gives her thoughts and insights. It's my belief that women encounter numerous hurdles in the energy sector, particularly in achieving senior and technical roles where they are currently underrepresented, with only 32%[1] of middle management roles held by ...

More for KENERA ENERGY SOLUTIONS LIMITED (SC700732) Registered office address Kca Deutag Group Headquarters, Bankhead Drive, City South Office Park, Portlethen, Aberdeenshire, United Kingdom, AB12 4XX . Company status Active Company type Private limited Company Incorporated on 4 June 2021 ...

But before we rush out and purchase green energy, we must complete that first, crucial step to achieving a net zero building: maximising our energy efficiency. ... PROActiv Business Development Manager, Kendra Energy Solutions. Case Study. Download. Download. Download. Cavendish House Bourne End Business Park Cores End Road Bourne End Bucks SL8 ...

For over 20 years, our BEMS experts have been trailblazing the way to net zero smart buildings. We've helped thousands of UK businesses and commercial properties achieve - or work towards - ambitious sustainability, energy efficiency and healthy building aspirations. How? Our success comes down to three things:

We are creating efficiencies through technology and engineering to develop applications for oil & gas, emissions reduction, green fuel and clean energy. Our multi-disciplinary technology & engineering division seamlessly integrates into ...

Creating the space to be brave - An equitable future for new energy. Helmerich & Payne announce agreement

Kenera energy solutions Madagascar

to acquire KCA Deutag; KCA Deutag appoints new SVP Kenera Urenco selects Kenera for Battery Energy Storage System; Equinor selects KCA Deutag's Kenera for major electrification project on Askepott rig

In support of Kenera's strategy to expand in renewable energy markets, this 10-year partnership brings together CPH2's Membrane-Free Electrolyser(TM) technology and Kenera's industry-leading manufacturing capabilities to supply hydrogen electrolyzers across Europe and provides Kenera with an exclusive technology licence across the Middle ...

The award will see Kenera custom-build a 10.3 Megawatt Hour (MWh) BESS that will optimise energy efficiency at Urenco's facility in Gronau, Germany, supporting a reduction in energy costs and carbon emissions. Urenco will utilise the system to help store electrical energy from an integrated solar farm at the plant to enable that power to be ...

The KCA Deutag Group is committed to playing an active role in the energy transition, investing in and delivering solutions that ensure a sustainable and responsible future. Our Kenera business unit drives our efforts to support the energy transition. As part of the KCA Deutag Group, Kenera brings together over 130 years of experience ...

Kenera has been awarded a contract to deliver five top drive systems to a Saudi Arabian drilling contractor for new build rigs which will operate at a major Unconventional gas project in Saudi Arabia. ... Positioned to support decarbonisation, Kenera also offers solutions across the energy transition including carbon emissions management, green ...

Kenera has developed tools to aid our crews and make procedural compliance a choice that people consciously take. Our innovations in this area support personnel in making the right choice with the right information and with the understanding that a course of action will affect not only their own safety, but the safety of others and the overall ...

Our story. For over 20 years, our building energy management system (BEMS) experts have been trailblazing the way to net zero smart buildings. Our integrated approach to optimising the way buildings use and conserve energy has helped ...

Creating efficiencies through technology and engineering applications for oil & gas, emissions reduction, green fuel and clean energy Designing and manufacturing state-of-the-art energy infrastructure and components for the hydrocarbons and renewables markets

About Kenera. Kenera is a business unit within leading drilling, engineering and technology company KCA Deutag. It expands the group's offering in hydrocarbon and energy transition markets and consolidates the skills, competencies and experience of the existing KCA Deutag group with those of Bentec - its land rig and oilfield equipment manufacturer, and RDS - its ...
