Solar energy is a great opportunity for Turkish economy. However, though ranked as second in Europe according to its solar energy potential, right after Spain, Turkey could not have fully developed that potential until now. With the capacity of 820 MW in solar, only 1% of total power production comes from this sector.

Muscat, January 9, 2024 - The consortium, led by EDF Renewables and Korea Western Power Corporation (KOWEPO), announced today that it has reached financial close on the Manah 1 - a 500-megawatt (MW) solar power plant located in the Sultanate of Oman. Following the bid submission in September 2022, the consortium was awarded and signed [...]

Consortium Solar Power Domokos Solar PV Park is a 100MW solar PV power project. It is planned in Central Greece, Greece. The project is currently in permitting stage. It will be developed in single phase. The project construction is likely to commence in 2023 and is expected to enter into commercial operation in 2024.

The findings emerge days after state authorities revealed, in an initial public statement, that a consortium led by Korean player Enspire KSB Energy would back the project with US\$1.5 billion in ...

Renewable Energy - Solar PV Development KSPC Kenya LTD is a Renewable Energy and Power company specializing in turnkey construction of Photovoltaic solar plants on Commercial, Industrial and large-scale levels. Our specialization covers the entire value chain, ranging from Project Development, Construction, Financing to Operations and Maintenance of solar ...

Mainstream Renewable Power, the global pure-play renewable energy company, and its Ikamva Consortium have signed project agreements for six solar plants, with a combined capacity of 450 MW, awarded under Round 5 of South Africa's Renewable Energy Independent Power Producer Procurement Programme (REIPPPP).

Serbia and a U.S.-South Korean consortium comprising UTG Renewables and Hyundai Engineering & Technology have signed a deal to build six solar power plants with a total capacity of 1,000 megawatts, a statement from the energy and mining ministry said. Serbian energy and mining minister Dubravka Dje...
