Kosovo delta pro battery

The ecoflow DC in can be wired directly to the battery. You should ensure the battery has a BMS because the ecoflow will empty the battery completely. Discharging too much is bad for the battery and a decent BMS should protect the battery against too deep discharge. You cannot directly charge the battery from the ecoflow without additional HW.

The Delta Pro Extra battery cannot operate on its own. It needs to be connected to the main DELTA Pro unit to function. The extra battery is designed to extend the capacity of the DELTA Pro, but it relies on the main unit for power management and output. By Ecoflow Team | Sep 26, 2024. 0/0.
