Who are OEG offshore & OEG renewables?

Delivering specialised offshore solutions for the energy transition through our leading companies: OEG Offshore and OEG Renewables.

Who is OEG offshore?

OEG Offshore is the leading global owner and lessor of reusable offshore DNV certified containers. OEG Renewables is a frontrunner worldwide supplier offering customised services for offshore wind farms. A transformative year defined by continued strategic growth and diversification.

What did OEG energy achieve in 2023?

2023 was a year of strong financial performance and acquisitive growth for the OEG Energy Group, achieving the key milestone of 50% of Group revenues derived from the Renewables division, while continuing to pursue an ambitious growth strategy underpinned by an expanded service offering, robust market drivers and a commitment to innovation.

Who are OEG's subsidiaries?

OEG's subsidiaries include OEG Offshore (owner and lessor of reusable offshore containers) and OEG Renewables (supplier offering offshore wind farm services) as well as Seajet Systems, 23 Degrees Renewables, Hughes Subsea, Bluestream Offshore, Pelagian Ltd., Specialist Marine Consultants and Fern Communications.

How can OEG offshore reduce the environmental impact of offshore energy operations?

Our containers play a key role in reducing the environmental impact of offshore energy operations by transporting waste materials back on land for reprocessing. OEG Offshore is also building a fleet of intermodal cryogenic tanks for the growing transport needs of hydrogen production and captured carbon dioxide.

Where does OEG see traditional energy business growth?

Away from mature basins, OEG sees traditional energy business growth in Angola, Namibia, Guyana, Suriname and the Middle East. "All these hydrocarbon extraction basins are growing. Some like Guyana are just starting out on their journey.

Mr Heiton said the group is firmly placed for further growth as the offshore energy industry continues its structural transition, and will continue leveraging its core capabilities honed ...

Overview. Orbital Energy Group, Inc. (NASDAQ:OEG) is a diversified infrastructure services company serving a variety of customers in the electric power, telecommunications, and renewable markets.

Kosovo oeg energy group

The electricity generated by the SEGE power plant is planned for export through the KOSTT electricity network. However, we are open to discussions regarding exclusive sales within Kosovo, particularly in light of the country's obligation to achieve a renewable energy capacity of 400 MW by 2026, as mandated by European regulations.
