Solar panels line the rooftop of the home of Cuban entrepreneur Felix Morffi, in the municipality of Regla, Havana. Large consumers in the residential sector could find in the installation of solar panels a way to offset the amount of their energy bill through cogeneration for self-consumption or receive a payment for injecting clean energy into the national power grid.

Radiación solar en La Habana. Pronóstico para 15 días de la radiación solar con datos por horas de la energía solar prevista. La unidad de medida de la radiación solar es Watios por metro cuadrado (W/m 2).Para ampliar la información de un día haz clic sobre él.
