Does Lebanon need solar power?

Lebanon has a target to source 30% of its electricity from renewables by 2030. However, some argue that LCEC and Lebanon's government have played little role in the rollout of solar in the country.

How many solar companies are there in Lebanon?

ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury. These companies work on everything from small household systems--which start at \$2,000 to \$3,500--to projects involving hundreds of panels or more.

Are Lebanon's solar companies paying a lot for fuel?

We are also paying a lot for fuel." ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury.

Where are solar panels located in Lebanon?

Atop several campus buildings at Sagesse University in Furn El-Chebbak, a suburb southeast of Beirut, row upon row of solar panels gleam under the bright afternoon sun. The Catholic university, home to some 3,500 students, is one of the many organizations in Lebanon that have turned to solar power.

Is Lebanon's solar industry a fire hazard?

Ali said that many of those now working in Lebanon's solar industry are not specialists, and their installations have led to technical issues including fires. Jessica Obeid, an energy expert, said Lebanon's solar market is suffering from "a lack of regulation, quality control and awareness".

How much solar power will Lebanon have in 2022?

Over 650 megawatts (MW) were installed in 2022 alone, says El-Khoury, bringing Lebanon's total solar capacity to 870 MW, according to his figures. "Installed capacity should reach 1,000 MW in June," he says. He estimates that the installed capacity of diesel generators, meanwhile, likely amounts to 1,000-1,500 MW.

At Solarcom Energy, we are committed to providing renewable energy solutions in Lebanon. Our focus is on selling solar energy products, including solar panels, solar inverters, lithium batteries, and heavy-duty solar systems. We offer solar ...
