Does mango power have an EV charger?

The Mango Power M home battery system includes an EV charger capable of delivering 9.6 kW of power to your vehicle- the same as a standard level 2 charger. This isn't a common feature for home batteries. The all-in-one design of Mango Power's system requires almost no additional equipment, making installation a breeze.

The Mango Power E then charges incredibly quickly, ranging from 0-80% charged in just 60 minutes, and can be powered in 5 different ways, individually or in any combination. When attached into an AC wall socket, the Mango Power E charges completely and fully in approximately 1.5 hours. The Mango Power E is More than Just Power, It's Smart Power
