What is greenmatch & how does it work?

GreenMatch is owned by Leads.io and was founded with a vision of creating a more sustainable and transparent market for consumers. Because of that, it is our mission to help consumers with getting quotes on heat pumps, solar panels, boilers, windows, and more. We are also present in the Nordics and the UK with our GreenMatch brand:

How do I contact greenmatch?

You are always more than welcome to reach out to us at info@greenmatch.com. We have been featured in Forbes, The Guardian, and Independent. Are you an installer? We are always looking to expand our network of high quality installers in North America. It is free to be a part of our network, and there is no membership or hidden fees.

Why is UK Pact partnering with Mexico?

UK PACT has partnered with Mexico, a country with a rich history of commitment to climate action and alliance with the UK. Mexico was among the first countries to pass comprehensive climate change legislation and submit its Nationally Determined Contribution ahead of the 2015 Paris Agreement, allowing it to become a key influencer in the region.

Is the GFI a good way to compare the greenest countries?

The GFI is a great starting point when it comes to comparing the greenest countries. However, one important thing to keep in mind is that a significant part of the GFI focuses on what countries plan to do going forward. While policy changes are important they are not guaranteed. This point also applies to the EPI.
