What makes Microvast a great battery company?

Forward Thinking. Microvast produces innovative and reliable lithium-ion batteries with advanced technologies. With nearly two decades of experience in battery development, we're accelerating the adoption of clean energy with the installation of more than 31,000 battery systems in 34 countries.

Who is Microvast?

Microvast, founded in Houston in 2006, develops disruptive battery technologies for commercial and specialty vehicles, with research and development and production capabilities that span battery materials, multiple battery cell chemistries, modules and packs.

Why is Microvast a leader in lithium-ion battery development?

With the success of our lithium-ion battery development, Microvast is recognized globally as an industry leader for battery innovation and technology. Our comprehensive portfolio of battery solutions continues to advance innovation and deliver measurable value to our customers and their operations.

Where is Microvast headquartered?

Microvast is headquartered in Texas.

Why should you choose Microvast?

By understanding that advancements in micro battery components can lead to vast opportunities has enabled Microvast to remain competitive in an ever-evolving industry. This legacy ensures our innovative spirit will continue burning bright and producing meaningful advances for years to come. Let's discuss your specific battery requirements

Why did Microvast win the R&D 100 in 2019?

In 2019 we won the prestigious R&D 100 for our development of High Energy Density and Safe Battery System for Powering Electric Vehicles. With the success of our lithium-ion battery development, Microvast is recognized globally as an industry leader for battery innovation and technology.

BIST DU BEREIT, ZU STARTEN? Bei Microvast verbringen wir jeden Tag mit mutigen Innovationen, ständig angetrieben von dem Ziel einer besseren Zukunft, die von nachhaltiger Energie angetrieben und von Elektrofahrzeugen transportiert wird.

Microvast has denied the links in a statement and fact sheet. Colorado State Representative Mike Lynch said: "I am thrilled about the exciting expansion of Microvast in Windsor, Colorado. Microvast's investment is significant for our state, as it will create economic growth, new jobs, and important technological advancements.
