

Mitra power systems South Sudan

What is Mitra Energy?

Mitra Energy is a global African energy company with a key focus on investments in production and distribution infrastructures.

How can Mitra energy meet African countries needs?

To meet African countries needs, Mitra Energy provides a variety of opportunities in fuel trading. Mitra Energy is in position of supplying fuels to African countries using storage tanks in several ports. As part of our commitment to a cleaner and safe world, we study investments and projects on renewables.

What is the governance of the energy sector in South Sudan?

The institutional and regulatory governance of the of-grid energy sector in South Sudan is still nascent. Table 2 below lists the major players participating in the governance of the energy industry and their positions as defined by applicable laws.

How can humanitarian agencies contribute to solar energy in South Sudan?

Refugee contexts in countries such as Jordan have also led to the increased transition to solar energy through donor-led initiatives. Humanitarian agencies can also play a critical role in generating demand for solar systems in South Sudan refugee settlements, where biomass is predominantly used as energy source (Lemi & La Belle, 2020).

What is South Sudan's role as a power utility?

Its role as a power utility is expected to intensify as programmes to increase electricity access in South Sudan are implemented. It is proposed under the Electricity Bill 2015 as the regulatory entity for the electricity sector in South Sudan. It would function as the energy regulator whose functions would include the creation of regulations.

How many energy companies are there in South Sudan?

There are about fourteen of-grid energy companies in South Sudan, and their services include i) selling solar products, ii) engineering, procurement, and construction (EPC), iii) independent power production (IPPs) and iv) developing mini-grids.

Mitra Energy is working hard to build more than 100 petrol stations in 8 countries (DR Congo, Eswatini, Kenya, Mozambique, South Africa, South Sudan, Uganda and Zambia). With these petrol stations, we intend not only to increase our market share ...
