Even if it was all farms, it would pay better than bare minimum farming living. ... my SoL stucked around 14 points, meanwhile the price of needs in my realm is much lower compared to other nations such austria or france, tax policy and taxation was set to lowest and I create many factories but it still not enough, and population of peasant ...

At that point you might run into labor shortage, which is the best for driving up SoL. This is because it forces businesses to raise wages, making it so that your pops can afford more, even when all their needs are already at or below base price. Increasing wages is an easier way to improve SoL then reducing the price of pop goods in my experience.

Token projects also use this to burn their Raydium pools. THE TOOL CAN BE DANGEROUS IF YOU DON'T PAY ATTENTION AS IT WILL BURN THE ENTIRE TOKEN OR NFT FROM YOUR WALLET. Here is the fun part, you can actually claim back some Solana into your wallet. In my case it was 20\$ worth of Sol (This solely depends on how many junk NFTs you got airdropped)
