

Open Access Technology International (OATI) Microgrid Technology Center is a state-of-the-art microgrid in a 5-story, 105,000 sq. ft. office building and data center. The building is designed as a showcase in energy technology with ...

Az Open Access Technology International (OATI) Microgrid Technológiai Központ egy modern mikrohálózat, amely egy 5 emeletes, 9750 négyzetméteres irodaépületben és adatközpontban található.

Among its flagship offerings are the OATI Microgrid Technology, webSmartEnergy DERMS, Industry Registry Tools, E-tagging Solution, and Advanced DRMS Control. These solutions not only epitomize technological ...

Smart Thermostats Smart Solutions OATI Smart Thermostat Programs leverage the OATI webSmartEnergy® suite of solutions to allow utilities to manage and curtail home temperatures of participating customers with smart thermostats during peak demand hours. This is just one part of the larger DERMS functionality OATI provides utilities. OATI works with and is authorized by ...

The companies providing hardware for the OATI microgrid are "alliance partners" and are part of the company's pitch, said Terry Mohn, executive consultant with OATI. Vendors were carefully selected for the ...

Sunrun and Open Access Technology International (OATI) will create what they describe as the world's largest residential virtual power plant (VPP) by managing the electricity from some 1,000 rooftop solar-plus-storage ...

Together, OATI and USA Microgrids created the OATI Microgrid Technology Center, a standing showcase of how power systems and renewable energy resources can work together to provide resilient energy. Now EVolution(TM) -- driven by OATI -- brings those 20 plus years of experience in delivering mission-critical solutions to the energy industry.

OATI's Microgrid group is growing fast, and looking to add additional qualified staff to the team. Microgrids are an exciting part of the new smart grid. They are electrical systems with the ability to generate their own power, disconnect and reconnect with the grid, and perform services to aid the greater power grid when they are grid-tied.

3 ???· OATI Academy OATI Academy offers a variety of courses to meet your training needs, help you understand industry issues, and how to best leverage OATI products for your business. These sessions are
