

What is open solar contracts?

Open Solar Contracts is an initiative which streamlines project development and finance processes by offering legal agreements that make contracting faster and less costly. Standardised contracts include Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet.

What is French Polynesia's energy transition plan?

French Polynesia's energy transition plan has three main objectives: Change the energy model, by gradually replacing the use of fossil fuels with renewable energies in all activities

What is a solar contract?

Solar Contracts are fine-tuned for small and medium-sized, grid-connected solar PV projects. Standardised contracts include: Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet. These are complemented by the Implementation Guidelines.

What are standardised solar contracts?

Standardised contracts include: Power Purchase Agreement, Implementation Agreement, O&M Agreement, Supply Agreement, Installation Agreement and Finance Facility Term Sheet. These are complemented by the Implementation Guidelines. Open Solar Contracts review phase is now over.

Do open solar contracts include a template governing project development?

At this point, the Open Solar Contracts do not include a template governing project development, which is directly linked to authorisation regulations, land arrangements, and corporate and equity documentation, which are jurisdiction specific. The Open Solar Contracts cover the key documentation on both the demand side and the supply side.

Does French Polynesia rely on hydrocarbons?

French Polynesia, like most island territories, is highly dependent on hydrocarbon imports. In 2019, 93.8% of energy consumed in the archipelagos came from imports of various petroleum-based fuels. The renewable energy penetration rate in power generation stood at 28.78% in 2019. This figure has remained stable over the last five years.

The contract you have just created will appear like the text-based/HTML version of the contract within the online proposal/PDF proposal. The same steps apply for uploading a PDF document for a generic document within control > other > document templates > +create > select the type as "generic document".

2. The project-specific contract terms are added at the end of new contract templates by default (Control & Purchase Experience & Contract Template). Likewise, to add the project-specific terms to an existing template, select the placeholder below from the icon. Now, enjoy the freedom of having project-specific customer facing content!
