

Palau alter energy

What is the Palau solar battery project?

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency,a major step towards its ambitious goal of 100%.

Does Palau rely on fossil fuels?

As a small island developing state,the Republic of Palau sought to wean itself off its dependence on fossil fuel for power,which accounts for 99.7% of the country's power generation. To address this issue,Palau invited Solar Pacific Energy Corporation (SPEC),Alternergy's solar developer,to develop a clean,renewable energy source.

Is Palau a sustainable country?

Overview The pristine island nation of Palau is small yet proud,standing as a bright beacon of sustainabilityin the vast Pacific Ocean. As a small island developing state,the Republic of Palau sought to wean itself off its dependence on fossil fuel for power,which accounts for 99.7% of the country's power generation.
