

Peregrine energy Kiribati

Who is Peregrine energy solutions?

About Peregrine Energy Solutions LLC Peregrine Energy Solutions is an integrated and multi-technology clean energy platform with a focus on utility scale energy storage that was established in 2022 through a partnership between Peregrine Energy Management and a global alternative investment manager with approximately \$20 billion of assets.

What is Kiribati integrated energy roadmap?

The resulting Kiribati Integrated Energy Roadmap (KIER) highlights key challenges and presents solutions to make Kiribati's entire energy sector cleaner and more cost effective. As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures.

Why should you choose Peregrine energy solutions?

This will propel our portfolio forward while ensuring clean, reliable dispatch along with creating low cost power for customers. Peregrine Energy Solutions was awarded the HIRE Vets Platinum Medallion for the second year in a row.

What is Peregrine energy solutions doing with CU Boulder?

Peregrine Energy Solutions recently collaborated with CU Boulder to participate as a Capstone partner for the Masters of the Environment Program.

Does Kiribati need electricity?

As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures. Yet the current fossil fuel-based power system is inadequate to meet future demand.

Why should you choose Peregrine?

Assets developed and managed by Peregrine benefit from an experienced team of renewable energy veterans who collectively bring over 20 GW of renewable energy and storage facilities development experience.
