SolarEdge je is an innovative inverter manufacturer that focuses on panel level optimization s unique products and efficient monitoring platform make SolarEdge a highly sought-after brand worldwide. It has exported over 13.1 GW of systems with a DC-optimized inverter and over 1.1 million PV monitoring systems worldwide.

Experienced R& D Team. Phono Solar has a research and development team consisting of more than 80 R& D personnel including professor-level and PhD senior engineers, which account for 15% of the total number of employees, all strive to develop state-of-the-art solar product technologies and industry-leading integrated energy solutions.
