

Portugal soltech energy solutions

What does soltech do?

Soltech collaborates with several other actors on the market to find new opportunities for new green energy solutions and how we together create the next generation of sustainable energy systems. Soltech is a solar energy group with combined experience in electrical engineering, roof, facade, charging, storage and solar energy industries.

Who is soltech energy Sweden AB?

Soltech Energy Sweden AB (publ), is listed on First North, Nasdaq Stockholm. The share is traded under the symbol "SOLT" and has about 78 000 shareholders. We work in the renewable energy sector with a vision to contribute to the climate transition by providing various solar energy solutions and energy transition products.

Why should you choose Soltec?

Soltec was founded with the aim to create a clean, sustainable and fair world based on efficient photovoltaic power generation. To achieve this, we focus on leading the global photovoltaic energy market and offering reliable solutions based on our cutting-edge technology.

Where are soltech Energy AB subsidiaries located?

Our subsidiaries are located in Sweden, Spain and the Netherlands. Soltech Energy Sweden AB (publ), is listed on First North, Nasdaq Stockholm. The share is traded under the symbol "SOLT" and has about 78 000 shareholders.

Why is Portugal a good place to invest in solar energy?

In a time of energy price hikes, supply concerns and with Portugal boasting some of the highest levels of sunlight hours in Europe- it's the perfect location to harness the power of solar & thermal energy for your home. We also supply solutions for underfloor heating, domestic hot water, and central heating.
