

Prominent energy solutions Botswana

Green hydrogen is crucial for the shift to climate-neutral industry. With use of hydrogen as an energy source still in its infancy, however, companies face numerous questions. ProMinent will be providing answers to these and more at ACHEMA, the leading trade fair for the process industries, taking place from 10 to 14 June 2024 in Frankfurt am Main.

That is why we offer electricity tariff optimisation services to help you choose the most cost-effective tariff for your energy usage. Our team works alongside Eskom and the municipalities to analyse your energy usage patterns and provide you with tailored recommendations on the best tariffs for your specific needs.
