Lilongwe, Malawi - December 3, 2018 - Aligning with MCA-M's Infrastructure Development Project, GE Power's Grid Solutions business today announced it has completed the installation and commissioning of the Energy Management (EMS) and telecommunications systems at 26 substations of the Electricity Supply Corporation of Malawi (ESCOM).

With support from the Green Economic Transition Facility (GETF), the company has successfully expanded its operations, expanding to Mzuzu and aiming to reach 24,000 consumers in the next two years. The driving force behind 265 Energy Limited's formation was the recognition of an urgent need for alternative energy solutions in Malawi.
