Learn more ...

Who is revive energy?

We care deeply about our impact on the environment & the future of smaller producers that live, work and buy locally. Revitalize Energy is a Canadian Small Enterprise Producer, managing our business using modern technology and best practices to operate without compromising our environment, people and assets.

What does revitalize do?

"Revitalize is looking for ways to manage assets safely, efficiently, environmentally with a goal of acquiring cleaner data. We want to maximize our capabilities by way of digitization and continue making improvements," says President Charity Callahan. "As a company, we're looking to optimize our assets while keeping costs as low as possible.

What makes revitalize energy different from other oil and gas companies?

Revitalize Energy Inc. is a Canadian Small Enterprise Producer. Like other Oil and Gas companies, we share a similar desire to produce oil and gas to generate revenue. What makes us different is that we are not content with harming people, environment or our future in the process.

How much energy does Ecuador produce in 2022?

In 2022, Ecuador's generation capacity was 8,864 MW, of which 5,425 MW (61 percent) corresponded to renewable energy and 3,438 MW (39 percent) to non-renewable energy sources (fossil fuels derived from oil and natural gas).

Why is Ecuador a good place to start a business?

Ecuador provides business opportunities for electric generation given the current electricity crisis and rising demand. Additionally, the country plans to reach self-sufficiency through clean production and potentially export energy to neighboring countries.
