In this collection of essays, motorcycle journalist Bud Miller touchingly and eloquently shares introspections and lessons learned during his more than 200,000 miles traveled on a motorcycle. Although his writings originated from the metaphorical waypoints visited along his riding journeys, riders and nonriders alike will find plenty to enjoy in these meditations on ...

Alison holds a Bachelor of Arts degree in Geography from Kutztown University, class of 2019. She began her career working through all phases of transmission line construction to maintain environmental compliance. Since joining the RTR team in 2021 Ali has coordinated and conducted E& S (erosion and sedimentation) and PCSM (post-construction storm-water ...

Outage Coordination works closely with engineering, constructability and the local utility's operations planning department to develop a highly detailed and realistic sequence of outages. By working closely with engineering we gather a comprehensive scope of work . That scope is then organized to consider real world clearance, strength of structures and sequence of major...

RTR is proud to announce the addition of Bob Deacon as we continue to grow and expand. He will be part of the Outage Coordination group as well as working in construction management in our Hellertown office. Bob holds a B.S. in [Read More](#) [Read More](#)
