

Is Russia targeting Ukraine's energy facilities?

The facility has been repeatedly targeted by Russian airstrikes. Mauricio Lima for The New York Times
Russia launched a missile attack on Ukraine's energy infrastructure early Friday, in an assault that President Volodymyr Zelensky described as "one of the largest strikes" on his country's power facilities.

Did Russia launch 93 missiles & 200 drones?

Ukrainian President Volodymyr Zelensky said Russia launched 93 missiles and 200 drones in one of its largest attacks on Ukraine's energy system. People take shelter inside a metro station during a Russian military strike in Kyiv on Friday. (Alina Smutko/Reuters)

Could Russia fire a new ballistic missile?

On Wednesday, Sabrina Singh, a Pentagon spokeswoman, said it was possible that Russia could fire another of a new type of intermediate-range ballistic missile, the Oreshnik, in the coming days. Russia fired an Oreshnik missile at a rocket factory in Dnipro in November after Ukraine began using American-provided missiles to hit targets in Russia.

Backup Power Market Trends Including CAGR 7.2% Size, Growth, and Share 2024-2031 | Caterpillar Inc., Cummins Inc. Backup Power Market size is expected to grow from US\$ 2.66 billion in 2023 to US\$ 4.33 billion by 2030, ...

Skoltech Center for Electrochemical Energy Storage (CEES) researchers from MIT and Russia came together Feb. 19 for a meeting at the Materials Processing Center at MIT. CEES co-directors are Carl Thompson (front left), materials science professor and director of the Materials Processing Center, and Alexei Khokhlov (far right), professor of ...

Russian state-controlled nuclear energy corporation Rosatom has set up a new subsidiary, Renera, to venture into the energy storage business. Lithium-ion battery for electric vehicles. Image by Rosatom.

The 1500GW target is double what BloombergNEF has forecast is scheduled to be online based on current deployment pipelines, as reported by Energy-Storage.news this week. Energy-Storage.news" publisher Solar Media ...

News. Premium. PV Tech Power Journal. Technical Papers. Industry Updates. Distributed. Grid Scale. Off Grid. Market Analysis. Software & Optimisation ... On-demand Webinars. The Winners Are Set to Be Announced for the Energy Storage Awards! Energy Storage Awards, 21 November 2024, Hilton London Bankside. Book Your Table. News. ...

The company provides a home battery and energy management software. Image: FranklinWH.

California-based FranklinWH Energy Storage has secured a US\$25 million Series B to scale up its residential battery and energy management software offering in the US and Puerto Rico.

While European storage levels are low, an analysis of European gas industry data shows the largest shortfalls are at sites owned or controlled by Gazprom, in what critics say increasingly points to an attempt to squeeze European energy supplies, according to the London-based Financial Times (FT) newspaper.

6 ???· Ukrainian President Volodymyr Zelenskyy described the attack as one of the heaviest bombardments of the country's energy sector since Russia's full-scale invasion ...

Energy-Storage.news reported last week that Europe's energy storage market as a whole grew rapidly in 2017, by around 49%, according to EMMES (European Market Monitor on Energy Storage), a half-yearly report produced ...

The 1500GW target is double what BloombergNEF has forecast is scheduled to be online based on current deployment pipelines, as reported by Energy-Storage.news this week. Energy-Storage.news" publisher Solar Media will host the 1st Energy Storage Summit Australia, on 21-22 May 2024 in Sydney, NSW. Featuring a packed programme of panels ...

However, there's a lot to like about the REPowerEU plan, argues Patrick McClughan, Chief Strategy Officer at Corre Energy, a company developing large-scale compressed air energy storage for long-duration applications. Energy is in the news in a way it has never been before.

1 ??· Kyiv-based energy analyst Andrian Prokip told the paper he believed Russia would persist in its attacks as Moscow and Kyiv jockey for position in the run-up to Jan. 20 when U.S. ...

A consortium of development finance institutions led by the Asian Development Bank (ADB) and IPP Gulf Energy have signed a US\$820 million loan agreement for a solar and storage portfolio in Thailand. BYD launches sodium-ion grid-scale BESS product

15 ???· The International Atomic Energy Agency had made a renewed call on Thursday for Russia to stop targeting Ukraine's energy infrastructure: The agency's board of governors ...

A 300MW/600MWh battery energy storage system (BESS) developed by Ørsted will be co-located with its Hornsea 3 Offshore Wind Farm onshore substation. ... Energy-Storage.news proudly presents our sponsored webinar with Greensolver, on the role of asset management for battery energy storage systems (BESS) in Europe. Developer Dispatch ...

4 ???· The roots of Russia's invasion of Ukraine go back decades and run deep. The current conflict is more than one country fighting to take over another; it is -- in the words of one U.S. ...

Cell stacks at a large-scale VRFB demonstration plant in Hubei, China. Image: VRB Energy. The vanadium redox flow battery (VRFB) industry is poised for significant growth in the coming years, equal to nearly 33GWh a year of ...

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the US and buying US-made cells. Flow battery player Invinity claims new product can enable "solar baseload" for the grid ...

The report largely focuses on how, with a need for more than 60GW of energy storage by the 2029-2030 financial year expected by India's national Central Electricity Authority (CEA), competitive tenders have been a vital tool for promoting ESS. As of November this year, 8GW of energy storage tenders had been held by various national and state government ...

The Winners Are Set to Be Announced for the Energy Storage Awards! Energy Storage Awards, 21 November 2024, Hilton London Bankside. ... A roundup from a very busy fortnight of UK BESS news, with major project announcements from Field, Cero Generation, Fidra Energy, Sungrow, Green Nation and Low Carbon, as well as ESB and SSE news items from ...

The US energy storage industry saw its highest-ever first-quarter deployment figures in 2024, with 1,265MW/3,152MWh of additions. Skip to content. Solar Media ... New Hampshire-based developer Granite Source Power (GSP) co-founder Jessica Shor disclosed to Energy-Storage.news that approximately 80% of the company's 1,250MW sale would be in ...

21 ???· Russia launched a new widespread attack on Ukraine's energy infrastructure overnight, forcing the country to implement emergency power outages, Ukrainian authorities ...

New York City's first battery project using Tesla Megapacks was inaugurated a few weeks ago. Image: Ninedot Energy. Tesla continues to sell battery storage systems faster than it can make them, with the company reporting record-high quarterly deployments in Q3 2022.

Energy Storage Special Report 2019, from the editorial teams behind Energy-Storage.news and PV Tech, brings you no less than seven feature articles and technical papers looking at everything from the policy and regulatory initiatives that still need to happen, to bankability and profitability of ESS, system technologies and architecture, all the way to ...

Trina Storage has announced the release of a white paper on the safety and reliability of energy storage systems, co-authored with TÜV Nord, the comprehensive document serving as a critical resource for industry ...

The area is at risk of blackouts as power is supplied to it via a 100km single-circuit transmission line with a

dead-end substation, and during power outages schools and hospitals can only use diesel generators for backup power at present, a Hevel spokesperson told Energy-Storage.news.. The distributed generation system will be able to work both on- and off ...

5 ????· Ukraine says Russia has launched one of its largest strikes against the country's energy infrastructure since the war began. Ukrainian President Volodymyr Zelenskyy says the Kremlin fired dozens ...

The US energy storage industry saw its highest-ever first-quarter deployment figures in 2024, with 1,265MW/3,152MWh of additions. Skip to content. Solar Media ... New Hampshire-based developer Granite Source ...

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the US and buying US-made cells. VIDEO: Balancing safety and profitability in European BESS asset management ...

India will need large quantities of energy storage to accommodate its rapidly growing renewable energy capacity. Image: Tata Power. A clarification of the status of energy storage systems (ESS) in India's power sector, issued by the government's Ministry of Power, has described the various technologies as "essential" to achieving national renewable energy goals.
