The financing package for the energy storage portion of the project includes over \$400 million of loans and tax equity arranged by HSBC and U.S. Bank. Atrisco is one of Enlight's flagship projects in the U.S., combining 364 MW of solar generation capacity with 1.2 GWh of battery storage capacity, and is expected to reach full COD later this year

According to MW Storage, the project is a "purely privately financed initiative," and has been "implemented without public assistance and free of subsidies". A Swiss investment foundation and two local banks financed the project, which is MW Storage's first "megabattery".
