

In response to the challenges faced by the ultra-poor and marginalized individuals, St Martin introduced Self-Help Groups (SHGs) in 2023. The aim was to support these individuals to restart, diversify, and strengthen their livelihoods through training and financial support. The members, grouped into teams of 10-13, voluntarily saved money and ...

Solar Energy Caribbean offers reliable solar power solutions across the Dutch & French Caribbean, including Sint Maarten, Saint Martin, Saint Barthélemy, Saba, and Trinidad & Tobago.

St. Martin CSA wants to achieve its vision by empowering communities to put into practice their faith; to build a strong capacity of people who have the motivation and the practical skills to assist vulnerable groups of people; to empower the beneficiaries to take charge of their own lives and to care for them where they are not able themselves.

Expanding on this with funds from kind local and international sources, a hostel was built in 1990 to accommodate 100 children, but Sr.Martin quickly realised that education was the key to sustainably changing the lives of these street children, most of whom had been surviving incredibly harsh living conditions.

St. Martin"s has only recently reopened, however only with a capacity of 20% of students with the plan to fully reopen in early 2021, depending on the development of the current situation. We have observed that the long layoff has had a negative impact on the children. With no access to the safe space of the school, children are not guaranteed ...
