Through partnerships and our collective expertise, we're helping decarbonise industry by developing and operating green hydrogen plants fuelled by clean, renewable energy. Other technologies Using our global experience to maximise the performance and ensure the longevity of our customers assets.

Gavin's passion for renewable energy ignited at just 11 years old, when he saw his first wind turbine on the Isles of Scilly. This fascination with the innovation and technical possibilities, married with a strong commitment to environmental reform and social purpose has led him to create and drive forward our clear vision of a future where ...

American Samoa has limited resources and, therefore, suffers economically without assistance from abroad. Investing in energy efficiency and renewable energy is an opportunity to alter that perception. This strategic energy plan prepares American Samoa to harvest its abundant energy resources for the betterment of all its citizens.
