

San Marino monolithic power systems

What power does San Marino have?

Legislative power is vested in both the government and the Grand and General Council. The judiciary is independent of the executive and the legislature. San Marino was originally led by the Arengo, initially formed with the heads of each family. In the 13th century, power was given to the Great and General Council.

How many locations does monolithic power systems have?

It operates in more than 15+ locations worldwide. Monolithic Power Systems (MPS) provides power circuits for systems found in cloud computing, telecom infrastructures, automotive, industrial applications and consumer applications. Monolithic Power Systems, Inc. was founded in 1997 by Michael Hsing, who is the current CEO.
