Jackery 1000 Plus Solar Generator, 1264Wh Portable Power Station with 2xSolarSaga 100W Solar Panels, 2000W Output Expandable Home Backup Power for Off-grid Living, Outdoor Camping and Exploration Share:

Yes, you can charge an RV battery with a solar generator. In fact, many RVers use solar generators as an alternative power source to charge their RV batteries. By connecting your RV's battery to the solar generator through a charge controller, the solar panels will convert sunlight into DC power, which will then be stored in the battery.
