

* I will now make a brief outline of the conflict over the territory of the Western Sahara. The Western Sahara (WS) conflict - in northern Africa - is basically a conflict between the claim of a right to self-determination by the Sahrawi people, which is internationally voiced by its liberation movement, the Polisario, and, on the other ...

The third recital in the Order states that the Court “includes upon the Bench a judge of the nationality of Spain, the administering Power of Western Sahara”; I have pointed out in paragraphs 2 and 4 above that Spain was not, on the basis of that or any other status, a party to a bilateral dispute, or to the settlement of a legal question ...

The Sahara Desert, spanning over 9 million square kilometers across North Africa, is the world's largest hot desert. It encompasses parts of Algeria, Chad, Egypt, Libya, Mali, Mauritania, Morocco, Niger, Western Sahara, Sudan, and Tunisia. The region is characterized by extreme heat, arid conditions, vast sand dunes, and rocky plateaus. The Sahara's abundant sunlight and

China maintains neutrality on Western Sahara while enjoying strong economic ties with Morocco and significant military relations with Algeria. Russia, traditionally an Algerian ally and a vocal opponent of U.S. recognition of Moroccan sovereignty, has remained uncharacteristically silent following France's announcement, despite deep cleavages ...

However, from 1980 this territory is divided into three zones (Kingsbury, 2016): the Sahara area under Moroccan control, which covers the interior and western zone of the defensive walls and would ...

Morocco's post-1991 occupation of the territory certainly meets the definition of a colonial power. The history of Western Sahara, from Spanish involvement in the 1880s to Moroccan occupation in the present, constitutes both two separate narratives of directly subsequent colonialism, and a single, uninterrupted narrative of foreign occupation ...

Baker's revised proposal, the 2003 peace plan for the self-determination of the people of Western Sahara (Baker II), offered Sahrawis a more enhanced interim autonomy under a locally elected ...

Neighbouring Morocco occupies a large part of Western Sahara and obstructs the decolonisation process. It was during the last months of 1975, that the Saharawi people's aspiration to independence took a serious blow. The territory's colonial power, Spain, abandoned Western Sahara without finalising the process of independence, as the UN had ...

already entered Western Sahara, Spain agreed to hand over the territory to Morocco and Mauritania. On February 26, 1976, only four months after the signing of the Madrid Treaties, Spain completely dismantled its colonial presence in Western Sahara. In the meantime, over forty thousand Saharawi refugees moved east-

The history of Western Sahara can be traced back to the times of Carthaginian explorer Hanno the Navigator in the 5th century BC. Though few historical records are left from that period, Western Sahara's modern history has its roots linked to some nomadic groups (living under Berber tribal rule and in contact with the Roman Empire) such as the Sanhaja group, and the ...

However, when Spanish Prime Minister Luis Carrero Blanco and then Franco himself disappeared from the scene, two sides coalesced in Spanish circles of power around the Sahara question.¹¹ One advocated following the recommendations of the United Nations and initiating a transition process toward independence, while the other preferred to hand the colony to Morocco in ...
