Are signature solar panels in good condition?

Signature Solar listed them as being in "great condition". As you can see in the pictures, they were in no such condition. In regards to the integrity of the panels, I'm not an expert, so I have no idea what sort of problems the cracks on the backside can cause.

Why did you buy solar panels from signature solar?

The only reason I bought the panels from Signature Solar was because Santan Solar was out of stock at the time. From the photos it looks like the backsheet has excessively weathered. In my opinion that isn't necessarily going to lead to failure from moisture intrusion.

Follow up to my review. Signature solar did split up the shipping of my panels / 18kpv inverter. I was able to receive those items on time to complete my work needed before the beginning of December. The powerpro battery was shipped at a ...

Today, we're taking an in-depth look into EG4's flagship inverter, the EG4 6000XP. This is a powerhouse of a unit that was designed for those looking to go fully off-grid with solar power, and it's packed with all the standard features you'd expect from a high-end inverter--but without the luxury price tag.
