The first power station that's TÜV Rheinland safety certified. RIVER 2 Series is a cut above the rest as the first portable power station in the world to earn the TÜV Rheinland certification for safety. With it's high safety standard, the TÜV Rheinland certification means the security and reliability of your RIVER 2 is guaranteed.

Portable Power Stations Are Not Really Portable. When the capacity of a power station exceeds 2kWh, it typically weighs over 40 lbs, making it cumbersome to transport. Once it reaches 3kWh, wheels become necessary for mobility, but even then, lifting it into a vehicle remains a challenge.
