How much money did Slovakia invest in a new nuclear power plant?

According to a press release issued by the ministry, the planned investment in the construction of the plant amounts to 1.2 billion euros (1.28 billion U.S. dollars), making it the second-largest investment in Slovakia's history.

Will Slovakia become a leader in the e-mobility sector?

"Exciting to be involved in a new era for Slovakia, becoming a leader in the battery sector to clean energy and e-mobility," adds InoBat CEO Marian Božek. "GIB's factory will be among the largest and most innovative of its kind in the world.

Did Slovakia sign a joint venture agreement with the government?

The government and joint venture have now signed an Investment Agreement. The agreement does not come as a surprise. In November 2023, the companies signed a letter of intent to this effect with the Slovakian government regarding the factory. The partners had already presented the key points of the joint factory in September.

Is electrochemical energy storage the mainstay of energy storage transition?

Chairman of Gotion High-Tech Li Zhen said that the new energy era has arrived and electrochemical energy storage is the mainstay of energy storage transition.

Is gotion a good battery company?

In China, Gotion ranked fifth with a 3.63 percent share with 1.31 GWh installed in December, according to data released last month by the China Automotive Battery Innovation Alliance (CABIA). On June 28, 2022, Gotion announced plans to build a 20 GWh annual capacity production site in Germany.

How much investment aid will Slovakia receive?

Of the total investment aid, 150 million euros (160.58 million U.S. dollars) will be provided as a subsidy, while an additional 64 million euros will be granted as income tax relief. This investment represents an important milestone for Slovakia, said Slovakia's Deputy Prime Minister and Minister of Economy Denisa Šaško.

During the visit, Dr. Li Zhen, Chairman of Gotion, guided the delegation through Gotion's Exhibition Hall, Validation Center, and Xinzhan Unified Cell (UC) plant. Dr. Li presented the Prime Minister with a unified cell model and six E-Plvs intelligent mobile chargers. Slovak Prime Minister Robert Fico meets Chairman of Gotion High-Tech Li Zhen

Gotion InoBat Batteries (GIB), a joint venture (JV) between Gotion High-Tech and InoBat, has signed a Memorandum of Understanding (MoU), with the Slovakian Government to establish a gigafactory. GIB has ...
