Does smarthelio warm up the planet?

The planet warms up and so does Smarthelio. The "doctors of solar plants" got selected by Verbund x Accelerator Program 2022 to collaborate with the Austrian utility, thanks to their plug-and-play solution that can be integrated into any solar system and generate up to 5% more clean energy.

How will smarthelio benefit solar companies?

SmartHelio will use the extra funding of \$5 million to scale its revolutionary software that not only helps solar companies detect and identify faults quickly, enabling them to gain a significant performance boost by 5%, but also make assets climate resilient thanks to its proprietary climate assessment forecasting tool.

Who is smarthelio?

As a part of its 3rd cohort, SmartHelio stood as the winner in the category of "Advanced data analytics for solar PV plants" because of their state-of-the-art fault detection and predictive software solution, a result of more than 10 years of R&D in Swiss institutes.

Why should I use smarthelio?

SmartHelio quickly proved to be the ideal solution for us. They not only identified all the errors we found with our current monitoring system but also uncovered additional failures we weren't aware of.

How will whataventure work with smarthelio & Verbund?

Whataventure (who helped to organize the event) would work in sync with Smarthelio and Verbund to ensure that the project is always aligned with its clear objective; increase energy systems' performance. Both teams will work together over the next 5 months as per the milestones decided during the event.
