On Thursday 28 September, Chief Minister Julie Thomas remotely addressed attendees of the Virtual Island Summit (VIS) 2023. She spoke on "The way forward for St Helena with regards to Renewable Energy". During her address she noted that whilst St Helena currently generated 21% of its electricity supply through renewables (wind and solar), this Government's ...

St Helena households and businesses have also adopted a wide range of energy saving measures, driven perhaps by the very high cost of electricity on the island (in 2014 it was up to £0.42p per kWh, depending on consumption). ... in the first instance PASH Global would be providing a full 568kWp/500kW solar farm; 2.7MW wind farm made up of ...

On 12 August 2014, ExCo agreed to the allocation of £1m of extra funding to build a new solar farm for electricity generation on St Helena. The new funding has been identified specifically to support only renewable energy projects, and must be spent in this financial year, 2014/15. ExCo was very supportive of this proposal as solar generated electricity [...]
