

What is a solar module price assessment?

The price assessments reflect solar modules with an output of 570-720W, TOPcon specification and wafer sizes of 182-210. Prices will be expressed in US cents per watt. In addition, the Platts Global Solar Module Marker is a daily average of the six individual solar module panel assessments, providing a global perspective of solar panel prices.

What are Platts solar module price assessments?

The Platts Solar Module price assessments are aimed at providing a transparent source of pricing data. Image: Trina Solar Recent volatility in PV module pricing has prompted Platts, part of global market data and benchmarking provider S&P Global Commodities, to launch a new daily spot market price assessment for modules in the US, Asia and Europe.

Which solar panels do you use at Pantà?

At Pantà, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Why are solar modules so expensive?

Solar modules have become one of the most sought-after commodities in the increasingly competitive energy markets." Alongside growing demand, since the start of 2023, S&P Global said a combination of importation duties, oversupply and supply chain costs have led to significant solar module pricing volatility.

How does Pantà support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Pantà will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.
