Who is SolarWorld?

SolarWorld is a German company dedicated to the manufacture and marketing of photovoltaic products worldwide by integrating all components of the solar value chain, from feedstock (polysilicon) to module production, from trade with solar panels to the promotion and construction of turn-key solar power systems.

What are the best solar panels in Lebanon?

We offer the best solar panels in Lebanon and provide clean energy that can withstand any weather conditions. A solar inverter is a crucial component of any solar power system. At Solarcom Energy, we offer TBB and Luxpower inverters, two of the top 10 solar inverters in Lebanon.

Who owns SolarWorld?

The German facilities of SolarWorld were purchased by its founder Frank Asbeck in conjunction with Qatar Solar Technologies. Three days later, an appeals court upheld the verdict in the Hemlock case, resulting in SolarWorld AG being responsible to pay the damage claims.

Is SolarWorld a debt-free company?

In the beginning of August 2017, leaving all liabilities behind, all the assets alone were acquired by the original Founder of SolarWorld Ag, Frank Asbeck along with Qatar Solar Technologies (QSTec) to form SolarWorld Industries GmbH, thus becoming completely debt-free and the only Solar Manufacturer in the world with zero-debt and zero liability.

What are the best solar inverters in Lebanon?

At Solarcom Energy, we offer TBB and Luxpower inverters, two of the top 10 solar inverters in Lebanon. These inverters transform the energy output from your solar panels into usable electricity for your home or business. We provide solar inverters in Lebanon that are reliable, durable, and designed to last.

Does Lebanon need solar power?

Lebanon has a target to source 30% of its electricity from renewables by 2030. However, some argue that LCEC and Lebanon's government have played little role in the rollout of solar in the country.
