

Solarhub battery Mayotte

Is SolarEdge a good battery?

With 10kWh of storage capacity and 5kW of sustained output, the SolarEdge Home Battery is an excellent solution for small to medium household consumption. If required, it is possible to stack multiple Home batteries for increased capacity.

What's a good experience with solarhub?

We had an excellent experience with Solarhub. They gave genuine advice, respected our needs and decisions and when it came to installation, the team were on time, took great care and left our house tidy. Michael, the electrician, was particularly professional and helpful. Show details

Is solarhub a good company?

Administration support by Jodi was excellent, responding to queries promptly at all times of the day and night. I chose Solarhub as it was recommended by a friend, and would recommend them for their professional service throughout the process. Show details I have used Solarhub on two (2) separate occasions and referred them to several close friends.
