

South Sudan flyfine energy

What energy storage products does flyfine offer?

FLYFINE provides residential energy storage products, including energy storage batteries, inverters, photovoltaic panels, etc. These products can also achieve peak shaving, valley filling, and electricity bill management through solar or grid energy storage.

What is flyfine energy management system?

FLYFINE provides photovoltaic modules, energy storage battery systems, power transformers, integrated EV charging stations, energy management systems, and other products. It mainly uses energy management systems to adjust energy collection and output reasonably.

What does Bentiu refinery do in South Sudan?

In South Sudan, the refinery at Bentiu finished construction and began commercial operations in 2021. The refinery at Bentiu can produce diesel, gasoline, and heavy fuel oil from domestic crude oil, enabling the country to meet some of its consumption needs and raising the possibility of exporting petroleum products regionally.

Is South Sudan's 308km power line back on track?

"Uganda, South Sudan 308km power line back on track," The East African, June 28, 2023. 20 U.S. Energy Information Administration, "World Oil Transit Chokepoints," July 25, 2017. Lejla Villar, Mason Hamilton, "Three Important Oil Trade Chokepoints are Located around the Arabian Peninsula," Today in Energy, August 4, 2017.

What is flyfine overseas commercial energy storage capacity?

Flyfine overseas commercial energy storage installed capacity has accumulated to 8Gwh, and its application areas include residential homes, commercial buildings, industrial plants, and rural power grids.

What is a flyfine energy storage battery?

Flyfine has designed the energy storage battery to be modular to meet more home users' demand for power storage, with a maximum expansion capacity of 80kwh; it allows users to expand the battery capacity at will, significantly improving the battery's flexibility.

Customer feedback is here! ? We are proud to showcase a diverse range of energy storage solutions, including #FLYFINE Wall-mounted Battery and #FLYFINE High-voltage Stacking Battery. ?Specializing in offering storage systems with capacities ranging from 15kW to 80kW for households, our batteries are compatible with over 90% of inverters on the market, such as ...

South Sudan is one of Eastern Africa's major oil resource holders but exported more than 85% of its production in 2014. Only 1% of the population had access to electricity in the country in 2017.
