

As part of our separation from OVO (SSE sold its retail business to OVO in 2019), we're changing our Customer Management System. As part of the update, our billing system will also be changed, making your invoices easier to read and providing a clearer summary of your charges and transactions.

SSE Energy Solutions No. 1 Forbury Place 43 Forbury Road Reading RG1 3JH; How we use your meter readings. We validate the meter readings against your previous usage and may ask you to resubmit them if we believe they may be incorrect. The date that your reading was taken will determine how we use this data:

Not all green energy is equal. We're different because all our renewable electricity comes from SSE's own wind and hydro assets. As the largest renewable electricity generator in the UK and Ireland, the SSE Group is planning to increase its renewable electricity output fivefold to 50TWh by 2030 to help the UK transition to a net zero economy.

Not all green energy is equal. We're different because all our 100% renewable electricity is sourced from SSE's own UK wind and hydro assets. 1 Our renewable electricity comes as standard in all fixed plans, with a range of options for larger businesses on flexible contracts. You can make your business stand out even more with our SSE Green Gas products.
