

# Staco energy products co Curaçao

Staco E2 (Available ONLY Outside US) 10-100 kVA Three Phase, On-Line Double Conversion, Uninterruptible Power Supply. In the event of an AC power failure, the Staco E2 UPS will automatically transfer to battery power and continue to provide power without any interruption for the full amount of time you select.

Staco Energy Products Co. is a major provider of facility power protection equipment. You can get: Power factor correction equipment that lowers your utility bills and increases your electrical capacity; UPS systems to protect your facilities major operating systems, and provide the emergency lighting that is required by law for US public ...

Staco PPS. Provider Power System test sets 0-1000 VAC, up to 3500 kVA Precise variable voltage power supply for all electrical testing application up to 4000amps. Staco Energy Products Co. has been supporting the power requirements of R& D labs for over 75 years. Our PPS series provide precise voltage control for any electrical testing application.

You may order this product now. Mouser will notify you of the estimated ship date.-15M6020E-6P VS M5011 1020KN--Staco Energy Transformers, 1000 Series-15M6020E-6P VS 1020KN 252KN--Staco Energy Transformers, 200 Series-15M6020E-6P VS 252KN 501-3--Staco Energy Transformers, 500 Series-

The first Staco Energy variable transformer was manufactured in Dayton, Ohio in 1937. Since then, Staco Energy Products Company has pioneered improvements in design and construction of equipment for industrial, commercial, medical and military applications: Standard and specialized variable transformers; AC voltage control; Power conditioning; UPS

Staco Energy Products Co., a leader in power quality and voltage control technologies, has been at the forefront of innovation since its inception in 1937. Based in Dallas, Texas, Staco Energy is the oldest and largest manufacturer of variable transformers in the United States, with a rich history of pioneering advancements in AC voltage ...

Staco V. 1, 1.5, 2, 3 kVA (Universal Tower / Rack Mount) Single Phase, On-Line Double Conversion, Uninterruptible Power Supply. The Staco V pluggable series of UPS provides the highest level of secure, conditioned power protection available for all power-dependent applications, ensuring continuous business operation even in the most demanding of ...

Unlike a standard fixed ratio transformer, a Staco variable transformer is designed to provide variable output voltage that can be adjusted from 0 to 117% of the unit's input voltage. Staco Energy Products Co. offers a wide range of standard models including the following: Panel mount, single phase (fixed and adjustable shaft)

Enclosed cord and ...

Staco AVR. Electro-Mechanical 120-600 Volt, up to 2000 kVA Microprocessor controlled series regulation variable transformer topology designed with optional power conditioning elements including noise attenuation and SPD filters with 3-30 second full correction time.

Staco Energy Products Co.'s voltage regulators are designed with maximum safety, ease of installation and efficiency in mind. Each model features a modular design, front accessibility and an enclosed, indoor, ventilated, drip-proof enclosure. Features; Applications; Product Selector;

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

Each product can be configured as a standard UL-924 or as an UL-924 OUST product providing energy for 90 minutes or as desired by the end user. Keeping You Connected For Over 75 Years. Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world.

FirstLine PLT. 50-60 kVA Three Phase, On-Line Double Conversion, Uninterruptible Power Supply. In the event of an AC power failure, the FirstLine PLT UPS will automatically transfer to battery power and continue to provide power without ...

Ensure the accessibility of your data with uninterruptible power supplies (UPS) from Staco Energy Products Co. Available in 1 kVA, 2kVA, 3 kVA, 6 kVA, 8 kVA, and 10 kVA, the Staco line of single phase, online uninterruptible power supplies delivers true, high-quality, online power, with low distortion, plus sine-wave output to power any combination of linear and non-linear loads.

Staco 924. 0.75 kW - 18 kW Single Phase, On-Line Double Conversion Emergency Lighting Inverter System (ELIS) The Staco 924 full range of centralized lighting inverters extend from 0.95kW to 18kW and provide full power protection for all emergency lighting applications.
