Reducing the amount of energy we use will be key to cutting emissions and reaching net zero, but energy

demand reduction measures also have a range of co-benefits which can help to improve citizens' wellbeing, such as improved health outcomes and local job creation. [Read more >Follow Sussex Energy Group](#)

Dr Matthew Lockwood has been announced as the new co-director of the Sussex Energy Group (SEG) replacing Professor Benjamin Sovacool who steps down after five years in the post. Dr Lockwood, a political ...

Guardian economics journalist Larry Elliott has a typically intelligent column, both historically informed and peppered with juicy quotes from former big beasts (Heseltine, Cable, Mandelson). He has a quote from Nick Macpherson, the former top mandarin at the Treasury. For students of rearranged deckchairs, this seems strangely reminiscent of Gordon ...

On Wednesday 08 November the Sussex Energy Group held its annual keynote address - always a major event on the University of Sussex Business School's calendar. This year we were fortunate enough to have Chris Stark as our keynote speaker.

She was Co-Director of the Sussex Energy Group from April 2017 until August 2021, and inaugural Course Director of SPRU's online MSc in Energy Policy in 2018/19. Karoline joined SPRU in November 2013 from the Fraunhofer Institute for Systems and Innovation Research (Fraunhofer ISI) in Karlsruhe, Germany, where she has been working on energy and ...

By Dr Malte Jansen, Prof Steve Sorrell and Siobhain Stack-Maddox To meet the UK's net zero goals, the electricity system must decarbonise by 2035 while accommodating a 50% increase in electricity demand. Shifting towards intermittent wind and solar generation -...[Read more >](#)

Sussex Energy Group members Donal Brown, Giulia Mininni and Marie Claire Brisbois, are among the co-authors of a fascinating new paper out in Energy Research and Social Science. [Follow Sussex Energy Group. Posted in All Posts, ...](#)
