

Celebrating over thirty years in business, PowerFilm is proud to be one of the few US-based solar manufacturing companies operating today. The Soltronix brand brings PowerFilm expertise, innovation, and commitment to US-based semi-flexible crystalline silicon solutions.

PowerFilm's crystalline technology can be designed in portable, compact configurations, ideal for higher power mobile applications. PowerFilm uses high-efficiency SunPower solar cells for permanent and semi-permanent applications where power density, ruggedness, and cost are critical.

PowerFilm is unique due to its proprietary manufacturing of custom amorphous silicon panels that work in any light environment, including indoor industrial lighting for many IoT sensor applications. PowerFilm, celebrating thirty years in business, is proud to be one of the few US-based solar manufacturing companies operating today.

Foldable Solar Panels are lightweight, durable, and highly portable. Individual solar modules are mounted to weather-resistant fabric that quickly folds for storage and unfolds for use. Unmatched durability allows for use in harsh environments and a panel that works even after a ...

PowerFilm understands what power electronics are needed to extract the optimum power from a solar panel and store it in a battery system. PowerFilm offers a wide range of off-the-shelf and custom-built charge controllers to meet our customers" diverse ...

Die Dünnschicht-Technologie der PowerFilm Solar Charger garantiert nutzbare PV-Erträge auch bei nicht optimalen Lichtverhältnissen. Die optionale Verwendung eines effizienten Ladereglers zusammen mit dem PowerFilm Modul vermag die verwertbare Leistung des Moduls nochmals zu steigern. Besonders hervorzuheben ist die Robustheit des Materials.

PowerFilm specializes in the design, engineering, manufacturing, and assembly of custom solar solutions. A US-based company with over 200 staff-years of technical expertise, PowerFilm delivers innovative remote, portable power solutions to meet client needs.

PowerFilm's Portable Remote Expeditionary Scalable Solar (PRESS) provides 270W using the highest efficiency crystalline cells available. PowerFilm's PRESS provides either a direct, unregulated panel output or a regulated output through an integrated charge controller. Both outputs include blocking diodes, eliminating any reverse current flow.

Protección, Estilo y Tecnología Avanzada Transforma tus espacios y vehículos con nuestras líneas de alta calidad: protección solar, seguridad avanzada, elegancia decorativa y tecnología de privacidad inteligente. Soluciones integrales y personalizadas para cada necesidad! Recibe tu cotización gratuita en las próximas 24 horas Llévate Hogar Protege tus muebles, cocina pisos y ...

High-performance electronics, dependability and compact designs put the PowerFilm LightSavers in a class all by themselves. Both the LightSaver and the LightSaver Max feature integrated batteries and state of the art roll out thin-film solar panels to ...

PowerFilm Solar je polské značka zabývající se tvorbou moderních mobilních solárních systémů, které se využívají mimo jiné v cestovním ruchu, karavaningu a survivalu. V nabídce společnosti jsou skleněné i stěnné fotovoltaické moduly, adaptéry, nabíječky a kabely a mnoho dalších potřebných, které umožňují ...

Soltronix semi-flexible solar panels combine high-efficiency solar cells, custom semi-flexible panel designs, and proprietary PowerBoost charge controllers to deliver as much power as possible to your application.

PowerFilm RA-6 - Chaining Kabel Mit diesem Kabel können Sie zwei Powerfilm Solarmodule miteinander koppeln, um die PV-Gesamtleistung zu erhöhen. Das Kabel ist mit drei wasserdichten Steckverbindern ausgestattet. Das Kabel ist für eine maximale Strombelastung von 20A ausgelegt. Dies entspricht einer PV-Gesamtleistung von 240Wp.

Dados - Al instalar los films de control solar en los cristales puedes ahorrar energía suficiente para iluminar una oficina todo un año. La inversión en la que incurres al instalar las láminas de control solar se amortizan en máximo tres periodos de verano. depende del films que se vaya a instalar. Puedes pedir una cotización aquí;

PowerFilm R-14 - rollbares Solarmodul 14Wp. Rollbares Solarmodul mit flexiblen a-Si Zellen und 14Wp Leistung. Ultraleichtes und robustes Solarmodul mit 15V Universal-Ausgang. ... Die Dünnschicht-Technologie der PowerFilm Solar Charger garantiert nutzbare PV-Erträge auch bei nicht optimalen Lichtverhältnissen. Die optionale Verwendung eines ...

PowerFilm solar products are a great match for BIPV because they are lightweight and durable. This allows them to be combined with building materials like fabric, metal, and membrane. These qualities also make these solar products a great match for military applications. PowerFilm has developed partnerships with military contractors to supply ...

These thin-film flexible solar panels are lightweight, can be soldered from the back, and have an extra edge seal for protection from the weather. Menu. Expand search form. Contact Us. Products. ... PowerFilm Solar, Inc. 1287 XE Place . Ames, Iowa 50014. 515-292-7606 515-292-7606 . Contact Us

PowerFilm is designed, engineered, and manufactured in the United States, the 60W Foldable Solar Panel from PowerFilm is generous in capability forgiving in cost. Lightweight, durable, and extremely portable, these solar panels are mounted to weather-resistant fabric that quickly folds for storage and transport.
