

Will Syria adopt a free-market model?

An image showed at least three vessels from Russia's Mediterranean fleet. Syria's new government has told business leaders it will adopt a free-market model and integrate the country into the global economy in a major shift from decades of corrupt state control, the head of the biggest Syrian business lobby said on Tuesday.

Does Syria have a Data Protection Agency?

Syria does not have a dedicated data protection agency in charge of enforcing data protection rules. The rules applicable on the confidentiality of certain types of confidential information stipulated in the corporate, banking and auditors laws are enforced by the corresponding regulatory bodies, such as the Central Bank of Syria and the SCFMS.

Is Syria's chemical program a relic of the past?

The US deputy ambassador to the UN warned Syria's chemical program is "not a relic of the past," adding that, "It is in situations like the one we face today, when the Assad regime feels most at risk ... that the regime previously unleashed chemical weapons on its own people."

Does Syria have a data privacy law?

8. DATA PROTECTION Syria does not have a general data privacy law. This being said, the Syrian 2012 Constitution guarantees privacy of postal correspondence, telecommunications and radio, and other forms of communication in accordance with the law.

Does Russia support the Syrian resurgence of extremist groups?

While Russia has publicly stated that it only provides air support to the regime, it has sent the Wagner Group, a private military contractor, to fight in Syria. Ongoing violence and proxy conflicts have also facilitated the resurgence of extremist groups.

Does Syria have a copyright law?

Software and databases, on the other hand, are protected under Legislative Decree 62/2013 (the Copyright Law) for a period of 15 years commencing from the first calendar year following the year in which they were completed. 8. DATA PROTECTION Syria does not have a general data privacy law.
