

Timor-Leste generator container

Where is Timor-Leste's new container port?

The Timor-Leste coast, 10km from the capital Dili, is the site for the new Chinese built container terminal. Work is progressing on Timor-Leste's new US\$490 million deepwater container port, with the main contractor shipping the first batch of steel pipes for the construction this week.

Who will build the port of Dili in East Timor?

The Bolloré Group won the 30-year concession to build and operate the future deep-sea port of Dili, as a public-private partnership, the first in East Timor. It selected China Harbor Engineering Company (CHEC) for the construction of the port of Tibar west of Dili, capital of East Timor.

What's new at Timor port?

Recently Timor Port, a subsidiary of Bolloré Ports, has received new handling equipment to boost its container terminal capacity. The order included two tugs, two Ship-to-shore (STS) gantries, and four rubber-tyred gantry (RTG) cranes as part of the Tibar Bay deep seaport concession.

Who built the Tibar port in Timor-Leste?

It selected China Harbour Engineering Company (CHEC) to construct the port of Tibar to the west of Dili, the capital of Timor-Leste. The Group won the 30-year concession in June 2016 as part of a public-private partnership, the first in Timor-Leste.

Why is Dili a good place to travel to Timor-Leste?

The port in Dili is the main and only international port of entry to Timor-Leste, the harbor is surrounded by a natural reef with only one clearly marked access route; the reef provides a natural protection against severe weather which can occur in the rainy season (typically November - February).

Why did East Timor sign a contract with Bolloré?

In June 2016, the government of East Timor signed an agreement with the Bolloré Group to build and operate a new container port at Tibar Bay. The 30-year concession contract was the first public-private partnership ever undertaken in East Timor.
