A:Mars adding battery backup to existing solar product can be used in homes, offices, villas, hospitals, churches, etc.Mars manufacture adding battery backup to existing solar product from 300W to 250KW, you can choose according to your own needs.if you do not know which model system is suitable ...

Turks & Caicos Solar Companies. We deliver the most efficient solar power and wind turbine renewable energy solutions to the Turks & Caicos Islands and remote off-grid businesses. ...

If you want to go completely off the grid, the cost of using a stand-alone wind turbine system will be much higher than a hybrid wind-solar system. A more economical approach is a 3:1 ratio. For example, a 3kw wind-solar hybrid system uses a 1kw wind turbine, a 2kw solar panel, and other accessories. In this way, the cost ratio will be reduced.
