Tony Seba, Stanford University lecturer and Silicon Valley entrepreneur, has predicted that solar will be the dominant power source by 2020. Translight Solar, a company based in Accra Ghana will have to play an important role to make his prediction come true. It is planning to sell solar systems to residential customers on a monthly lease.

Translight Solar was founded in Ghana with the aim of providing reliable solar energy at an affordable price. Since its inception in 2015, the company now employs 13 people and has installed over 2000 of its systems in homes and industrial facilities in West Africa.
