

DUAL FUEL SUPPLY SYSTEM SOLUTION. YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation ...

YADA is one of the first domestic enterprises to develop double wall pipe. At present, in the region of double wall pipe and its key components and processes, it has dozens of patents and ...

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular ...

YADA actively responds to the call of the state, in various fields such as international shipping and ocean engineering, facing the direction of green and low-carbon development, actively layouts related product design and research and development focusing on LNG energy, and actively carries out technology reserve and research and development in hydrogen energy, ammonia ...

The Leader of Green Ship Pipeline Equipment Integration Solutions. Yada Green Energy Solutions Co., Ltd. was established in 1993, provides full lifecycle services to customers from principle design, Stress analysis, detail design, components manufacturing, spool prefabrication, skids integration, installation, safety monitoring, operation and maintenance.

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA has 12 production lines, including welded pipes, seamless steel pipes, pipe fittings, flanges, prefabricated pipes, heating coils, double-wall pipes, pressure vessels, pipe supports, pump ...

206. Supplied double wall pipe for over 206 ships. 559MM. Maximum double wall pipe diameter exceeds 559mm. 40mpa. The design pressure is greater than 40MPa. 35000m. The cumulative double wall pipe design exceeds 35,000 meters

YADA can provide customers with different materials including duplex steel, austenitic stainless steel FPSO pipeline products and solutions. In order to achieve the first domestic production and delivery of key products with large-diameter, ultra-thick & high-pressure duplex steel pipes and fittings, YADA took a solid step to replace importing ...

The integrated solutions of chemical tanker cover from principle design, optimization design, prefabricated pipeline manufacture (including pre-insulation inside factory), coating, on-board installation, overall inspection submission to entire ship passivation service, YADA provides a strong guarantee for the project quality and on-time delivery.
