FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA was established in 1993, after 30 years of continuous cultivation and exploration, gradually improve the manufacturing capacity of the whole industry chain from primary manufacturing to ...

Yada green energy solutions co ltd Uruguay

YADA is one of the first domestic enterprises to provide gas carrier related services, and now has the ability to provide the overall solution service for gas carrier. In the service history of more than ten years, YADA had completed pump towers for large LNG powered ships and won the national first set of award.

YADA has the manufacturing strength of the whole industry chain and the quality management system of the whole process. YADA products are delivered to global customers with seiko quality. YADA products have successively served tens of thousands of projects in the field of clean energy such as high-end ships and ocean engineering.

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular ...

YADA has obtained "continuous vacuum insulation double-wall pipe production and installation process" and other dozens of double-wall pipe related patents, posses complete independent ...

YADA Green Energy Solutions Co.,Ltd was founded in 1993, at present it has 150,000 square meters workshop and 12 production lines for welded pipes, seamless pipes, pipe fittings, flanges, prefabricated pipes, heating coils, double-wall pipes, pressure vessels, supports, pump towers and skids, with an annual capacity of 60,000 tons.Yada has ...

DUAL FUEL SUPPLY SYSTEM SOLUTION. YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation ...

It has evolved into a one-stop piping solution provider capable of handling the complete business chain from design, fabrication and installation to maintenance & repair. YADA has delivered integrated piping solutions and products to over 2,000 ships and FPSO, FSRU, LNg marine and clean energy projects.

206. Supplied double wall pipe for over 206 ships. 559MM. Maximum double wall pipe diameter exceeds 559mm. 40mpa. The design pressure is greater than 40MPa. 35000m. The ...
