The ZARGES BatterySafe(TM) Intermediate is designed for the safe packaging and transport of lithium-ion / lithium-polymer batteries. The ZARGES solution is comprised of an aluminum case with a custom lining, which contains an ...

There are certainly alternative lipo boxes, lipo cases or lipo safes in the various price segments. On the one hand, there are fire protection bags and fire protection cases, which are a cheaper alternative, and on the other hand, battery cabinets, for example, which are on average much more expensive than the ZARGES battery safe.
